

Priority for trips - our golden ticket

Following a request by parent governors and in an effort to ensure all students have the opportunity to take part in at least one very popular trip during their time at School, we introduced a virtual golden ticket scheme in 2013.

All Year 7 to 10 students are allocated a virtual golden ticket which they can use to gain priority for a trip of their choice. Trip organisers will give priority to students using their golden ticket prior to offering places to other students. If they secure a place on the trip then they will have used up their one golden ticket. If they do not secure a place they will be able to use the ticket on a future occasion.

If there are more students utilising their golden ticket than places on a trip then a draw will still be required. The system is explained to new students at the start of the Autumn Term. Students will need to indicate on their application for a trip that they wish to use their golden
